FOR

MAX10058

SKFH1X1SMC

SKFHSWP

SKFHLWP

>> 1X1 surface mount for ceilings in commercial properties, parking garages, canopy lighting, covered walkways and other indoor/outdoor applications.

>> Large and small wall packs for indoor/outdoor use. Mounted facing downwards for security lighting, lighting pathways and general area lighting; mounted upwards for a wall wash to light the building facade or architectual features.

- Designed for high output self ballasted CFLs
- No external ballast required
- Heavy-duty cast aluminum housing; Rust and corrosion proof; Epoxy coated
- Door-hinge frame
- Lens refractor on wall mounted fixtures made of shock-resistant glass
- Surface mount has high quality acrylic lens cover
- Dark Bronze finish
- 1-year warranty
